Wiley is a leading global publisher of over 80 Earth, space & environmental sciences journals and books. Wiley's authors, editors and affiliated societies are of the highest caliber, publishing groundbreaking research in all subjects - including water resources, meteorology, climatology, geology, sedimentology, geomorphology, palaeontology geochemistry, mineralogy, GIS, remote sensing, astronomy, astrophysics and more.

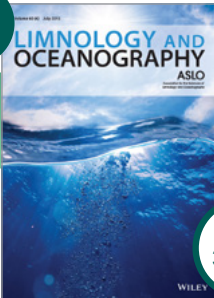

Society partners include the American Geophysical Union, the world's leading society which has more than 60,000 members and publishes 19 journals and a books program with Wiley. The Association for the Sciences of Limnology and Oceanography (ASLO) chose Wiley to publish their journals portfolio from 2015.

Wiley Online Library hosts an extensive collection of journals, books, reference works, databases and WIREs. These online resources provide a seamless solution for libraries and institutions, giving academics, students, researchers and professionals access to multi-disciplinary content on a single platform.

Enhanced User Experience

Anywhere Article offers a seamless reading experience on your digital gadgets. The text in each journal article is formatted to the device screen, providing optimal reading, along with:

- No clutter
- Easy access to key information
- Easy navigation within figures and across figures in the article

Altmetrics allows for tracking of article mentions on social media. The real-time data tracking capability allow authors and readers to:

- Explore online conversations surrounding the content
- Identify papers with the greatest community interest

2015/16 Opt-in Journals

Wiley is committed to publishing new journals to showcase research in new areas of study. To allow librarians and readers to 'test-drive' these new journals, online access is free in the first two to three years under the opt-in model for institutions. A total of 7 journals are available for opt-in in 2015/16. Benefits include:

- Perpetual access to all content published during the opt-in period
- One complimentary print subscription per title for institutions who opt-in
- No obligation to subscribe once the title converts to paid subscription - institutions will be given the option of FTE-banded pricing
- Some new journals are available free to all readers during the initial trial period

To request for free online access to the opt-in journals, please approach your account manager or visit Wiley Online Library to submit an [online application](#)

Journals available for Opt-in:

- [Clinical Liver Disease](#)
- [Acute Medicine & Surgery](#)
- [Economic Anthropology](#)
- [Sonography](#)
- [Advanced Electronic Materials](#)
- [ChemNanoMat](#)
- [Nihon Kyukyu Igakukai Zasshi](#)

**new opt-in titles may be added throughout the year*
