Journal Highlights in Cell & Molecular Biology

At a glance

40 Journals

15 Society Partners

**197,000+ Journal
Articles on WOL**

Wiley is one of the world's leading publishers of Cell & Molecular Biology journals. We have an internationally renowned portfolio of journals in these fields – with a total of 40 journals and with a number of them ranked among the Top 10. With content dating back to 1832, our portfolio serves as a rich archive for historical records and a trusted source for current research. This makes the Wiley Cell & Molecular Biology collection an essential resource for anyone working or studying in these areas.

Society Partners

The Anatomical Society	Federation of European Biochemical Societies
The Protein Society	EMBO Press
International Society for Advancement of Cytometry	International Federation for Cell Biology
International Clinical Cytometry Society	International Union of Biochemistry and Molecular Biology
American Association of Anatomists	American Society for Photobiology
American Peptide Society	

Current Protocol

17,000 peer-reviewed, regularly updated laboratory procedures across multiple subject categories including *Current Protocols in Molecular Biology* and *Current Protocols in Protein Science*. It contains cutting-edge protocols developed by leading research scientists. Indexed in PubMed and Scopus.

Wiley Interdisciplinary Reviews (WIREs)

- WIREs Systems Biology and Medicine
- WIREs RNA

WIREs combines the most powerful features of online reference works and review journals, emphasizing the importance of interdisciplinary collaboration in research and education.

Each title focuses on a research area at the interface of traditional disciplines, while at the same time providing an encyclopedic coverage of the field.

190+ Online
Reference Works

Wiley Online Library hosts an extensive collection of journals, books, reference works, databases and WIREs. These online resources provide a seamless solution for libraries and institutions, giving academics, students, researchers and professionals access to multi-disciplinary content on a single platform.

Enhanced User Experience

Anywhere Article offers a seamless reading experience on your digital gadgets. The text in each journal article is formatted to the device screen, providing optimal reading, along with:

- No clutter
- Easy access to key information
- Easy navigation within figures and across figures in the article

Altmetrics allows for tracking of article mentions on social media. The real-time data tracking capability allow authors and readers to:

- Explore online conversations surrounding the content
- Identify papers with the greatest community interest

2015/16 Opt-in Journals

Wiley is committed to publishing new journals to showcase research in new areas of study. To allow librarians and readers to 'test-drive' these new journals, online access is free in the first two to three years under the opt-in model for institutions. A total of 7 journals are available for opt-in in 2015/16. Benefits include:

- Perpetual access to all content published during the opt-in period
- One complimentary print subscription per title for institutions who opt-in
- No obligation to subscribe once the title converts to paid subscription - institutions will be given the option of FTE-banded pricing
- Some new journals are available free to all readers during the initial trial period

To request for free online access to the opt-in journals, please approach your account manager or visit Wiley Online Library to submit an [online application](#)

Journals available for Opt-in:

- [Clinical Liver Disease](#)
- [Acute Medicine & Surgery](#)
- [Economic Anthropology](#)
- [Sonography](#)
- [Advanced Electronic Materials](#)
- [ChemNanoMat](#)
- [Nihon Kyukyu Igakukai Zasshi](#)

**new opt-in titles may be added throughout the year*
