Open Access

Wiley is committed to developing products and services to meet the needs of the scholarly community and support author choice. In partnership with our society and journal partners, we offer the following open access options to complement our subscription publishing:

Wiley Open Access is a program of fully open access journals. All research articles published in Wiley Open Access journals are immediately freely available to read, download and share. The fully open access journals are published in collaboration with authoritative journals and societies as well as supported by internationally renowned editorial board members.

Online Open is Wiley's hybrid open access option available on over 1300 journals. This publishing model is available to authors who wish to make their article freely available to all on Wiley Online Library. When appropriate, Wiley will also submit articles to PubMed Central.

Wiley Online Library hosts an extensive collection of journals, books, reference works, databases and WIREs. These online resources provide a seamless solution for libraries and institutions, giving academics, students, researchers and professionals access to multi-disciplinary content on a single platform.

Enhanced User Experience

Anywhere Article offers a seamless reading experience on your digital gadgets. The text in each journal article is formatted to the device screen, providing optimal reading, along with:

- No clutter
- Easy access to key information
- Easy navigation within figures and across figures in the article

Altmetrics allows for tracking of article mentions on social media. The real-time data tracking capability allow authors and readers to:

- Explore online conversations surrounding the content
- Identify papers with the greatest community interest

2015/16 Opt-in Journals

Wiley is committed to publishing new journals to showcase research in new areas of study. To allow librarians and readers to 'test-drive' these new journals, online access is free in the first two to three years under the opt-in model for institutions. A total of 7 journals are available for opt-in in 2015/16. Benefits include:

- Perpetual access to all content published during the opt-in period
- One complimentary print subscription per title for institutions who opt-in
- No obligation to subscribe once the title converts to paid subscription - institutions will be given the option of FTE-banded pricing
- Some new journals are available free to all readers during the initial trial period

To request for free online access to the opt-in journals, please approach your account manager or visit Wiley Online Library to submit an [online application](#)

Journals available for Opt-in:

- [Clinical Liver Disease](#)
- [Acute Medicine & Surgery](#)
- [Economic Anthropology](#)
- [Sonography](#)
- [Advanced Electronic Materials](#)
- [ChemNanoMat](#)
- [Nihon Kyukyu Igakukai Zasshi](#)

**new opt-in titles may be added throughout the year*
